

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL NOTE

SB 34 - HB 43

February 11, 2015

SUMMARY OF BILL: Broadens the list of violations to the *Ski Area Safety and Liability Act* to include leaving the scene of a skiing accident or collision resulting in bodily injury to another without providing a name and contact information. A person may be exempt from such requirement if leaving the scene of the accident or collision is for the purpose of securing aid for a person who may have been injured at the scene of the accident or collision; provided, such person must return to the scene of the accident after securing aid and provide personal contact information.

ESTIMATED FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- Adding to the list of violations, pursuant to the *Ski Area Safety and Liability Act* (Tenn. Code Ann. Title 68, Chapter 114), will result in no fiscal impact to state or local government because there is currently no monetary penalty for committing a violation under this act.
- The provisions of the bill will not affect any regulatory operations of state or local government.
- This may shift liability from the business which owns the property on which the accident occurs to the individual in violation of the *Act*. Any fiscal impact will be borne by private parties; therefore, no significant impact to state or local government.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.
